

PuppyBoost

Complementary feed

Rich in energy

For newborn puppies and kittens

Properties

PuppyBoost is an energy booster, formulated for weak newborn puppies and kittens.

It stimulates puppy activity and suckle reflex thanks to its formula rich in energy and caffeine. Siberian ginseng (*E. senticoccus*) helps the puppy to adapt to its new environment.

When do I need PuppyBoost ?

- ☉ Weak puppies and kittens, large litter
- ☉ Long duration whelping
- ☉ Poor maternal instinct
- ☉ In adults, light hypoglycemia (stress ...)
